

HARVESTER 4.0

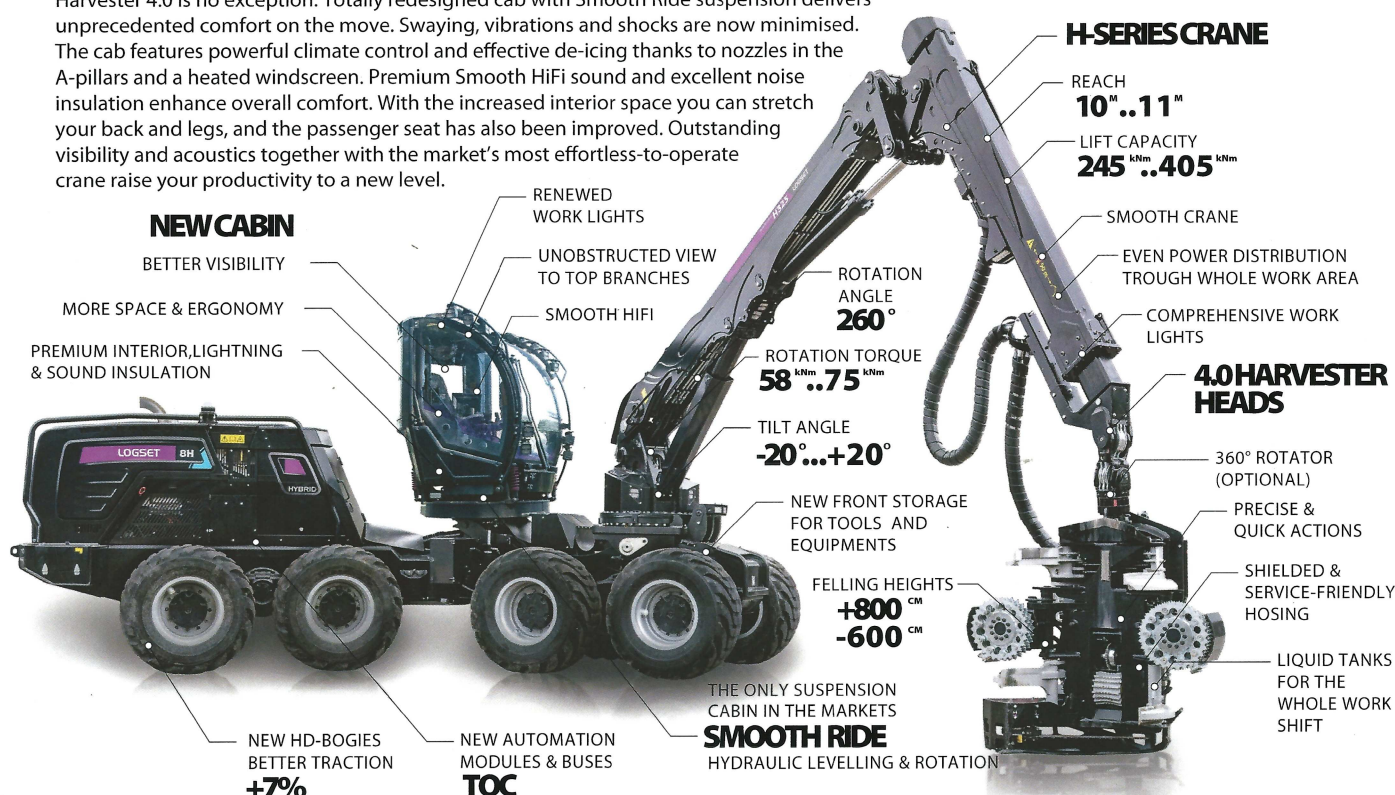

THE NEW 4.0 HARVESTER

FORERUNNER 4.0

Over the years Logset has introduced technologies that change the industry – the new Harvester 4.0 is no exception. Totally redesigned cab with Smooth Ride suspension delivers unprecedented comfort on the move. Swaying, vibrations and shocks are now minimised. The cab features powerful climate control and effective de-icing thanks to nozzles in the A-pillars and a heated windscreen. Premium Smooth HiFi sound and excellent noise insulation enhance overall comfort. With the increased interior space you can stretch your back and legs, and the passenger seat has also been improved. Outstanding visibility and acoustics together with the market's most effortless-to-operate crane raise your productivity to a new level.

NEW CABIN

- BETTER VISIBILITY
- MORE SPACE & ERGONOMY
- PREMIUM INTERIOR, LIGHTNING & SOUND INSULATION
- RENEWED WORK LIGHTS
- UNOBSTRUCTED VIEW TO TOP BRANCHES
- SMOOTH HIFI
